

# DASHBOARD

## Dashboard Description

A dashboard titled was created by combining all the analytical worksheets developed in Tableau.

The dashboard provides a complete overview of:

- Country-wise Economic Freedom Score
- Relationship between Economic Freedom and GDP per Capita
- Regional distribution of economic freedom
- Comparison of economic indicators across countries
- Employment and inflation comparison
- Identification of high-performing and low-performing economies

The dashboard integrates multiple visualizations into a single interactive analytical interface to help users understand how institutional and policy factors influence economic prosperity.

## Interactive Filters

Interactive filters were added for:

- Country
- Region
- Economic Indicator

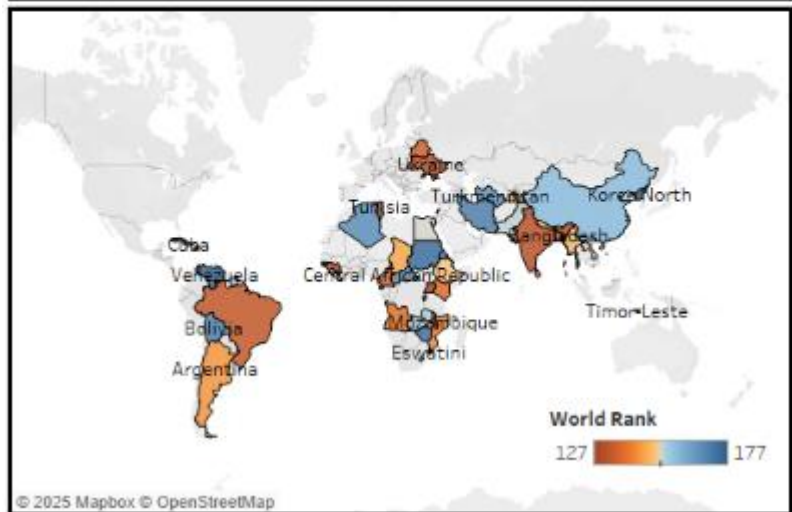

These filters allow users to dynamically explore data and perform customized analysis without modifying the dataset.

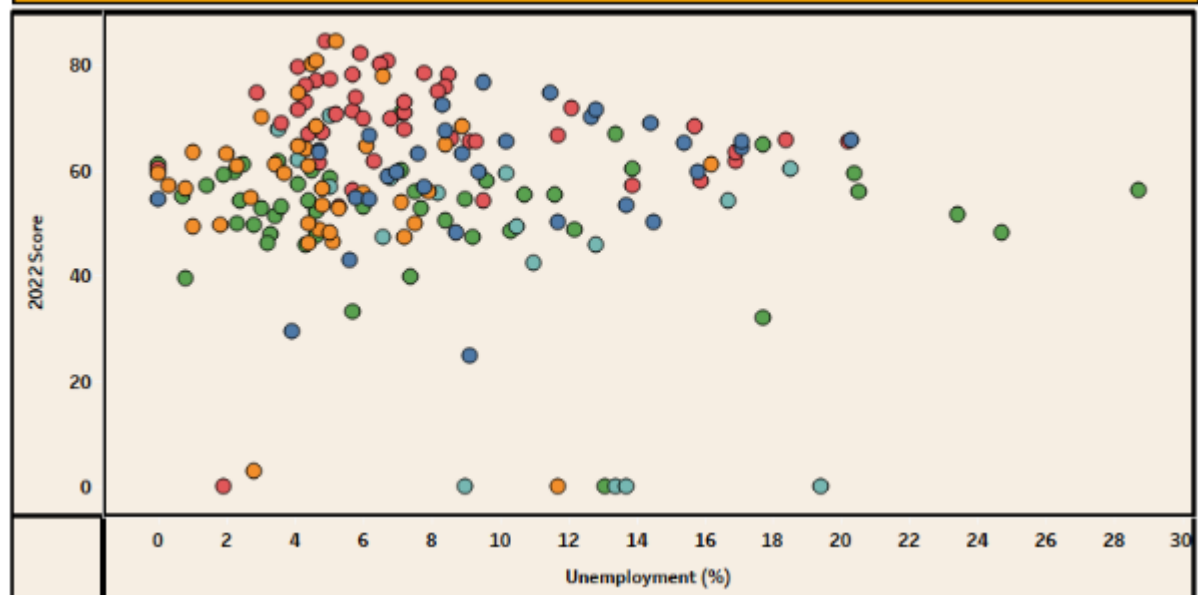

## Top 40 Ranking Countries in the Index

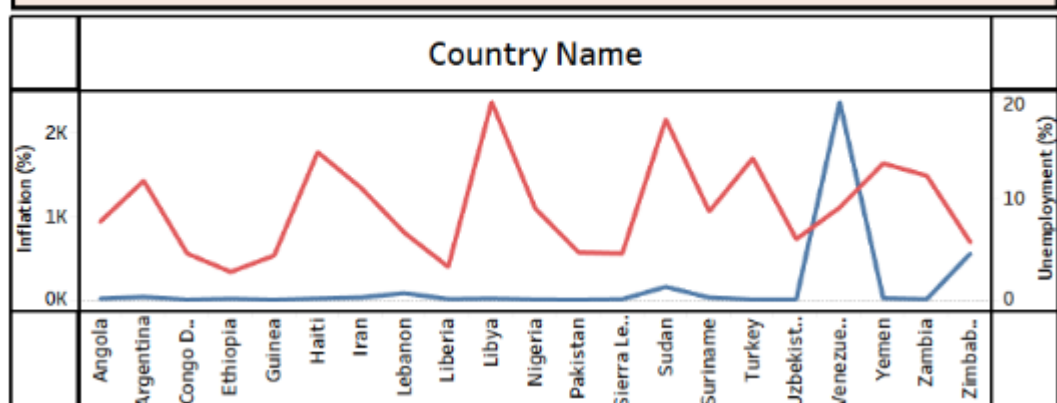

Bottom ranking countries in the index

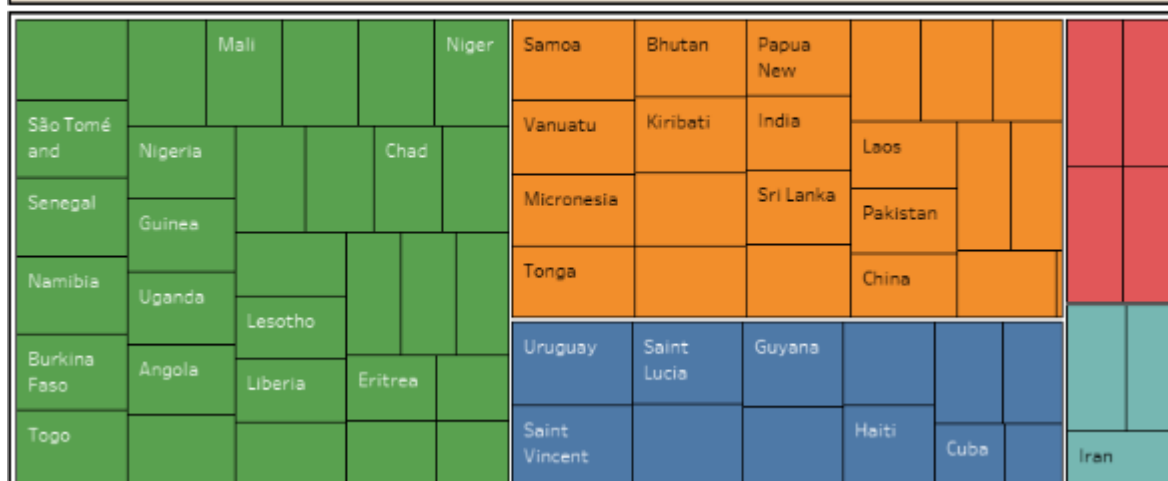

### Score Based on Unemployment Rate

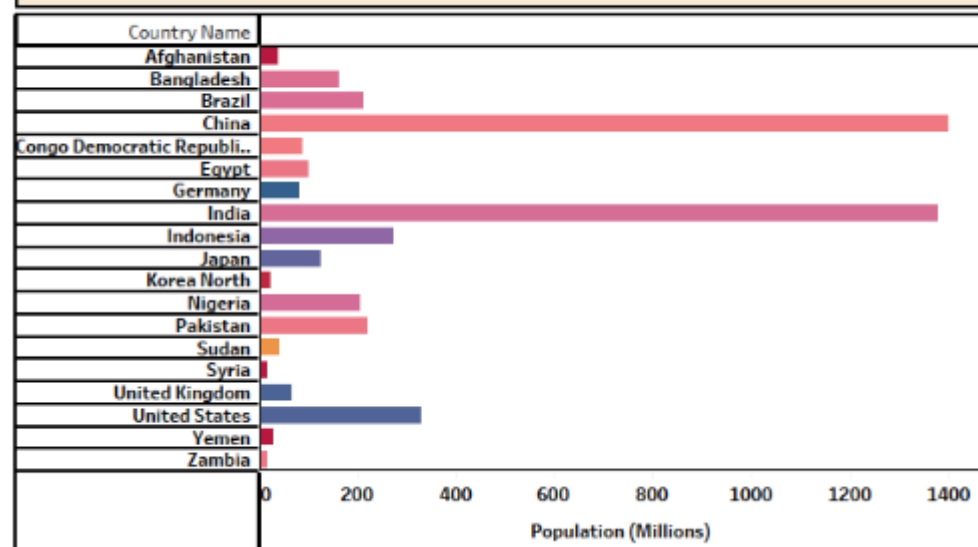

## Correlation between inflation and unemployment

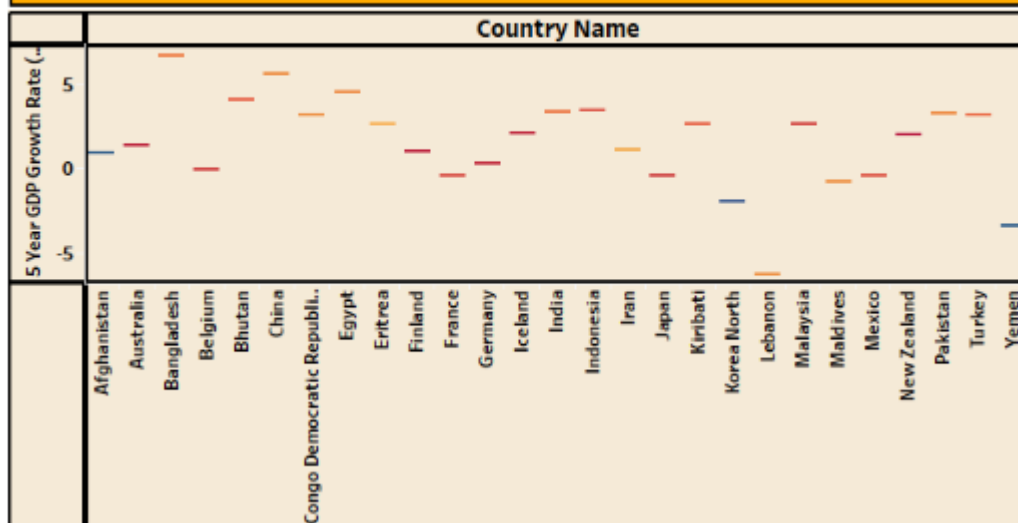

## Index score based on financial freedom

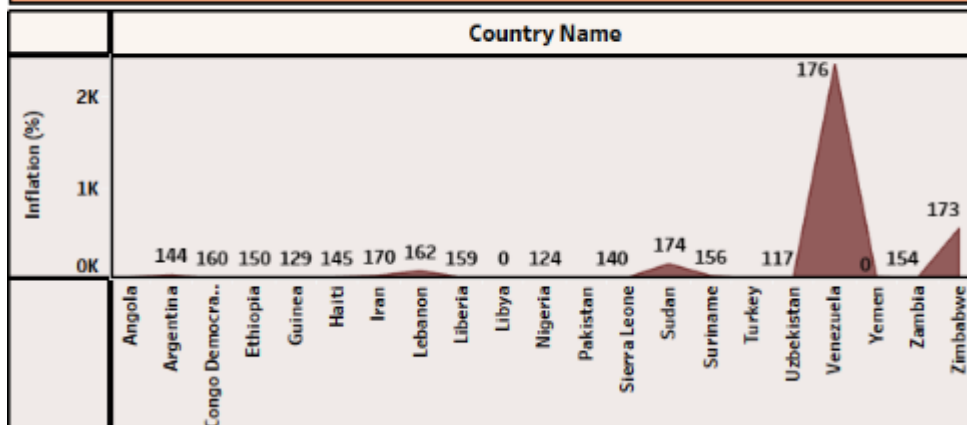

## Index score based on population

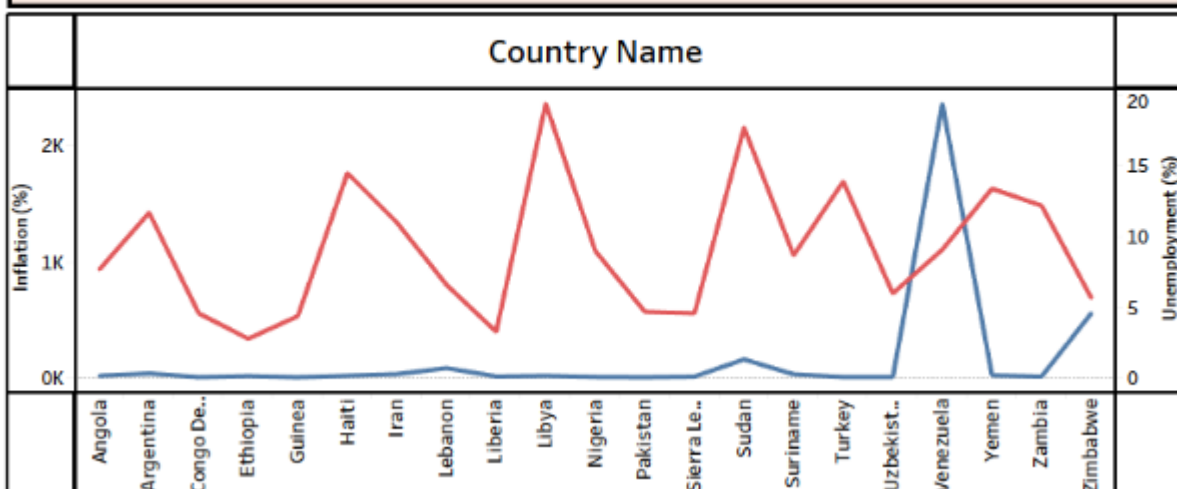

## Index score based on 5 year GDP growth rate(%)

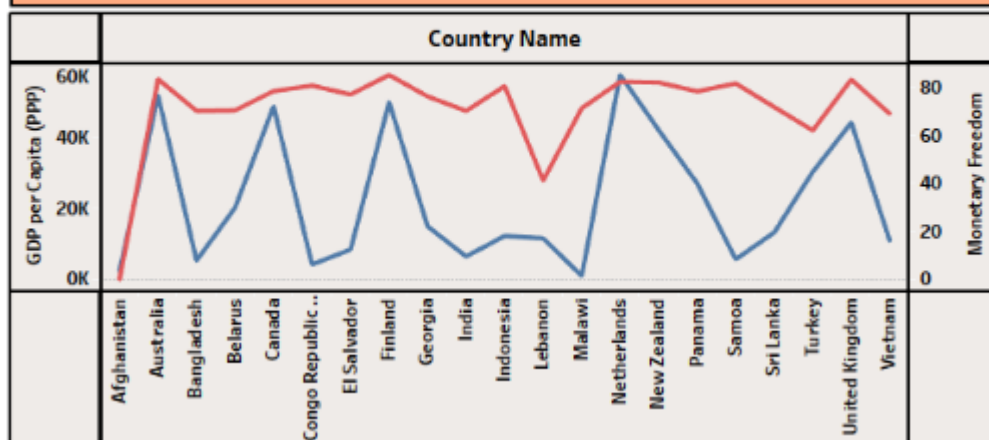

## Inflation rate in different countries

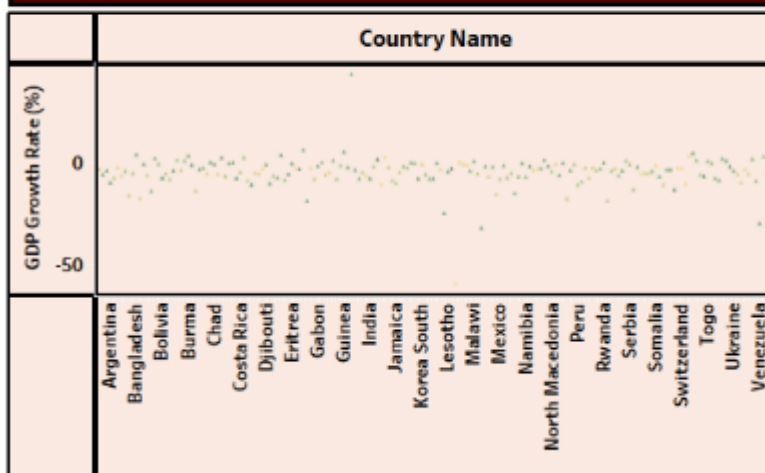

## Correlation between inflation and unemployment

## Correlation between GDP(PPP) and monetary freedom

## Top 40 countries by GDP growth rate
